

IT Knowledge

Certifications:

1999 CNA – Certified Novell Administrator IntraNetWare
1999 CNA – Certified Novell Administrator NetWare 5
1999 CNE – Certified Novell Engineer IntraNetWare
1999 CNE – Certified Novell Engineer NetWare 5

Courses:

1993 – NetWare 3.11 Administration
1994 – SUN Solaris 2.x Administration
1997 – IntraNetWare NetWare 4.11 Administration
1997 – IntraNetWare NetWare 4.11 Advanced Administration
1997 – NetWare Management Using ManageWise
1998 – Networking Technologies
1998 – Securing Intranets with BorderManager, version 1.0
1999 – Accelerated Training for Microsoft Windows NT 4.0
1999 – NetWare 4.11 to NetWare 5 Update
2002 – ZENWorks – Application and Desktop Management

Network Operating Systems:

administration, installation and configuration Novell NetWare 3.11 – 6.5, Windows NT 4.0 server, Windows 2000 Server, Windows 2003 Server, Windows 2008 Server
Data migration from Novell NetWare environment to Windows NT 4.0/Windows 2000 (including user accounts, logon scripts and file system rights)

Virtualization:

VMWare Workstation 12 for Windows, Oracle VirtualBox 6.1

Groupware:

administration, installation and configuration Novell GroupWise 5.2 a 5.5, MS Exchange 5.5, MS Exchange 2000

Network Antivirus:

administration, installation and configuration Norton Antivirus Corporate Edition, AVG, Eset NOD32

Backup Solutions:

administration, installation and configuration Veritas Backup 123 Exec, Tivoli Storage Manager

Desktop Management:

administration, installation and configuration Novell ManageWise 2.0, Novell ZenWorks Starter Pack, Novell ZenWorks 3.0, Novell ZenWorks 7.0, Microsoft SMS 2.0, Novell Border Manager 2.1

Desktop OS:

administration, installation and configuration MS DOS 4.0- 6.x; Novell DOS 7.0/DR-DOS; MS Windows 3.x; MS Windows NT 3.1 – 4.0, Windows 2000, Windows XP, Vista, Windows 7, Windows 8.x, Windows 10

Good knowledge of network security, including antivirus protection and penetration tests, knowledge of 802.11abgn wireless networks (Compex, Linksys, Ubiquiti, ...); Y-Soft SafeQ / SmartQ administration - printing system integrable into LDAP, Novell eDirectory and Microsoft Active Directory, partial knowledge (installation / basic administration in a command line) UNIX-like systems – Solaris, SuSE Linux, Android

Experience with database Gupta, Oracle, MS SQL a MY SQL

Hardware and Network Hardware:

building of PC computers and hardware diagnostics; network active elements configuration 3 Com (HUBs,

switches, routers, ADSL)

knowledge of servers, notebooks and desktops HP/Compaq, IBM, Dell

extensive practice with maintenance, design and building of networks coaxial RG58 and UTP/STP/FTP – Cat5e (pulling wires, connecting sockets and patch panels)

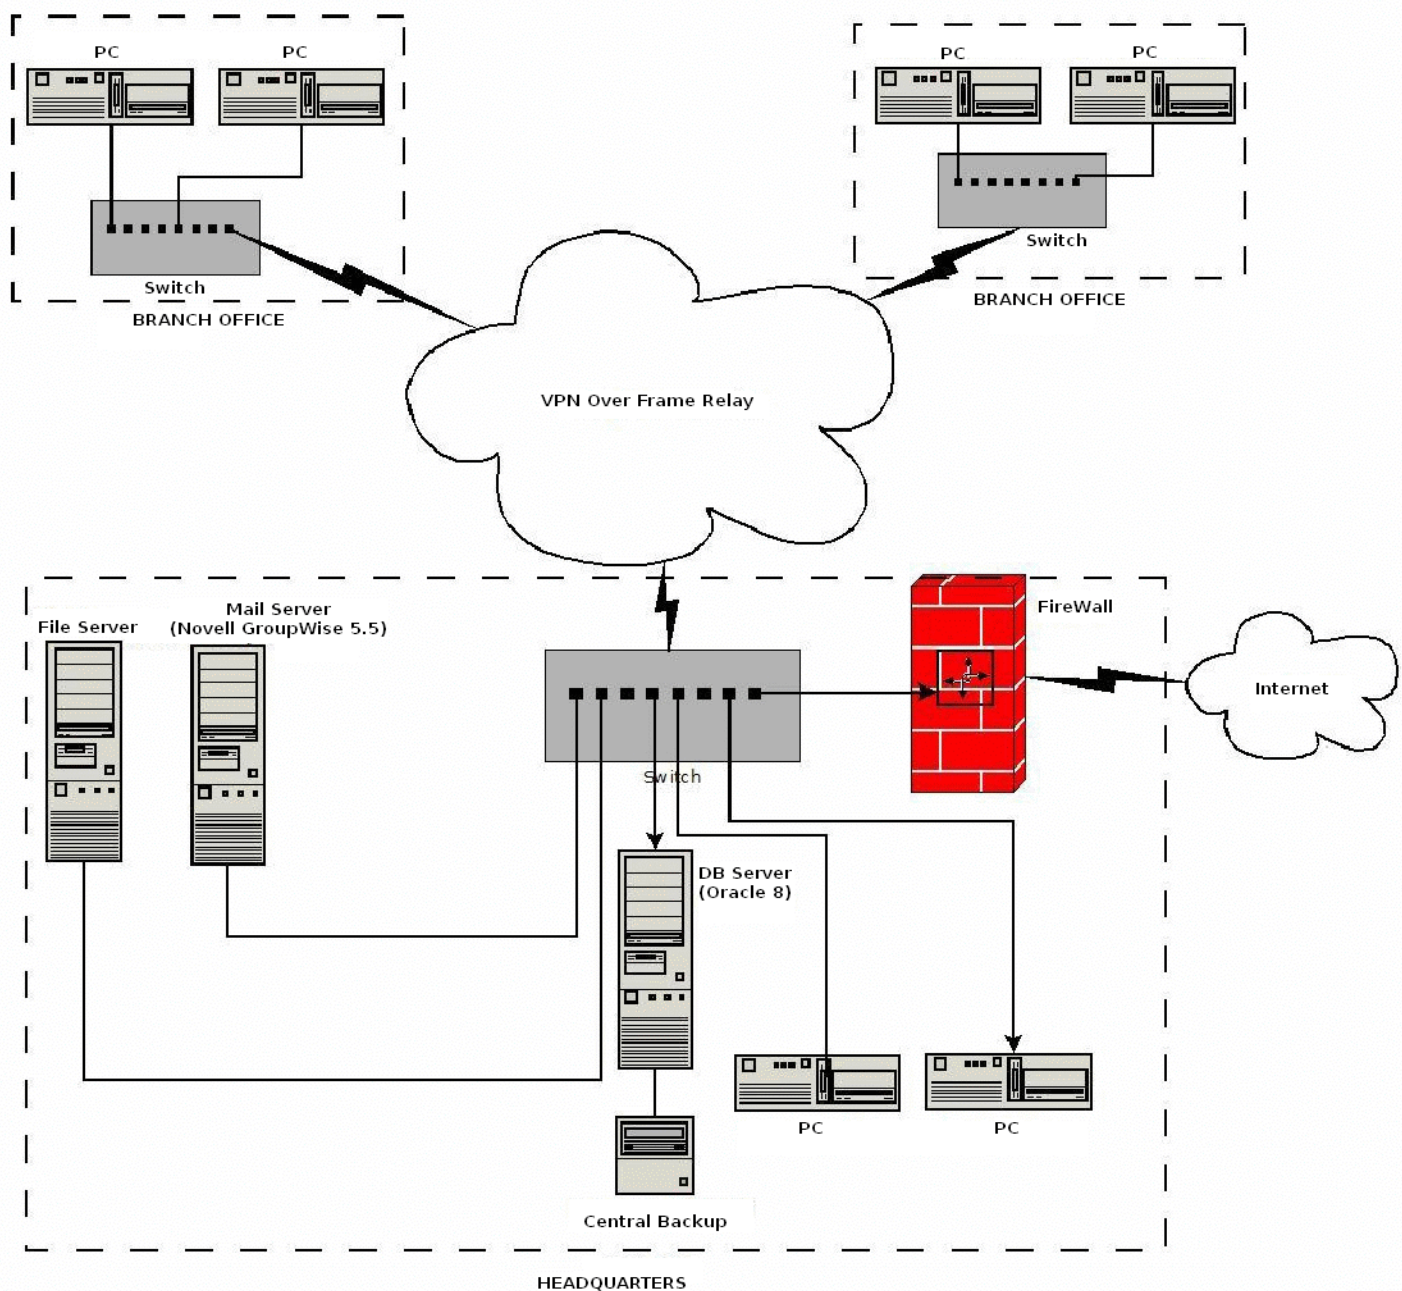

PBX and mobile phones::

data download and report generating from Tesla and Ateus PBX, wiring phone lines in rack

flashing mobile phones ROM with specialized software i.e. Odin, MTK Droid Tool (reason for example Triada virus in Leagoo M5 Plus stock firmware), display and battery exchange with soldering station

I am currently administering a home network of 7 computers and 5 mobile phones.
